TWO SUSPECTS HELD

Majority of 112 Killed in Explosion of Munition Plant at Chester, Pa.—Accident Given as Cause.

Chester, Pa., April 10.—Two suspects were arrested late tonight in connection with the explosion. The prisoners are Samuel Cohen, 25 years old, who gave an address in Philadelphia, and his father, who is described as being between 50 and 55 years old. It is said the older man was well supplied with money and that neither is an American citizen.

Officials asserted that papers found on one of the men were "incriminating and very important."

Chester, Pa., April 10.—One hundred and twelve persons, most of them women and girls, are known to have lost their lives and 121 were injured by a series of terrific explosions today in the shrapnel buildings of the Eddy-stone Ammunition Corporation at Eddystone, one mile from this city.

Many of the injured were mortally hurt and it is feared the final death toll will reach 150 while others probably will be maimed for life.

How many of the three hundred or more employees in the building, in which was stored approximately 30,000 shells, escaped is almost beyond conception as there was scarcely a fragment of the structure left intact.

Fire Adds to Horror
Fire added to the horror and most of the bodies were so badly charred that identification was impossible.

In the absence of any official statement many conjectures as to the cause of the explosion were at hand. Rumors of plots and arrests of persons both inside and outside of the plant were numerous but all lacked confirmation.

Twenty Philadelphia detectives were sent to Eddystone, soon after the explosion on a rumor that it was the result of a plot. After spending several hours investigating they reported that they had learned from officials of the corporation who had made an investigation that a quantity of shrapnel had been placed near a radiator, and the heat might easily have exploded it. Their opinion is that the explosion was purely accidental and they scout the suggestion that it was the result of a plot. A canvass of the police stations in the vicinity and inquiry among officials of the company failed to reveal that any arrest had been made.

An official of the corporation in discussing the probable cause of the explosion declared that at no time did he believe there was more than one-half a charge of powder in the building at one time and that it was never in bulk.

MRS. MARTHA RAY WARD

Dies at Her Home in Mayslick Yesterday Afternoon at 2:30 O'clock Following an Illness of a Complication of Diseases.

Mrs. Martha Ray Ward died at her home in Mayslick yesterday afternoon about 2:30 o'clock following an illness of a complication of diseases. Mrs. Ward was ill but a short time.

Mrs. Ward was the widow of the late John Ward of Mayslick, who was one of the most prominent farmers of the county. She is survived by two sisters, Mrs. Susan B. Kilpatrick of Maysville and Mrs. Joemma Ward of Mayslick.

Mrs. Ward was a consistent member of the M. E. Church, South, at Shannon. Although she never had any children, nevertheless she adopted several orphan children and raised them. She was held in high esteem by her many friends and neighbors, all of whom will mourn her loss greatly.

The funeral will be held on Thursday afternoon at 2 o'clock from the late home in Mayslick. Burial will be made in the Shannon cemetery. The services will be conducted by the Rev. Peter Walker of Sharpsburg, Ky.

SENT TO INFIRMARY

Charles Gill, a sixteen year old boy who has been recently causing the police a great deal of trouble, was taken before Judge Rice yesterday afternoon, who ordered him taken to the County Infirmary to stay until he could be found a job. The boy said that he was entirely willing to go.

BENEFIT DANCE

To Be Given Friday Night By the Settlement Club.

The annual spring dance by the Settlement Club will take place Friday night, April 13, at Neptune Hall, with music by Smith's Quartet of Versailles, Ky. This organization composed of industrious young ladies of the town has done a great work without boasting much of their accomplishments. They have contributed to the Belgium Relief Fund, have twice made donations to the City Mission and recently gave a neat sum towards the Mason County Public Health Survey Fund, and from this it can readily be seen that charity is their one and only aim.
Some might be superstitious as to

Friday the 13th, but we assure everyone that as long as the Settlement Club has full charge and Smith's Quartet furnishes the music it can be nothing else but a success. Admission dancers \$2.00. Choponeses 50 cents.

THE NEW REVENUE LAW

The new revenue law is in accordance with the present financial policy of making the very well-to-do and the corporations pay the national taxes that are required. Discussion will center around excess of 8 per cent of invested capital and a \$5,000 exemption are to be taxed at the rate of 8 per cent. There is going to be some perplexity in determining the invested capital, especially in the case of mining companies. The main difficulty lies in the definition of "invested capital." Invested capital is supposed to include cash paid in and cash value of assets at the time they were transferred to the business. The Alpha mine, producing 50,000,000 pounds of copper per annum at a profit of 5 cents a pound, may be operated by a company that acquired the property as a prospect for \$100,000, which together with the plant and equipment, might represent all the capital actually invested. The Omega mine, on the other hand, producing the same quantity of copper per annum at the same profit, was developed by an exploration company, which sold it to the present company for \$5,000,000, which, together with the plant and equipment that had to be put in, represents the present capital investment. The tax to be paid by these two mining companies will be widely different, or is there to be a physical valuation such as the interstate Commerce Commission has been trying to figure up in estimating the capital value of the railways of the country? There is going to be a great muddle.—Engineering and Mining Journal.

WAR PRICES

The psychology of price-fixing by the Governments at war is daily becoming clearer. Maximum prices help to distribute the existing stock to consumers, but fail to provide for renewals.

Complaints of shortage are now beginning to come from England. But the reason is simple. If potatoes and milk and grain must be sold at a loss, farmers will turn their attention to raising products whose prices are not restricted. As the London "Nation" reports, a host of witnesses prove that at the prices fixed potatoes can only be grown upon very favorable soil, and that the price given for best seed potatoes will offer a definite discouragement to future crops. From France comes the report that the cause for the coal shortage is the official reduction of the carrying charge from England to such a point that neutral shipping has gone into other fields. Thus the very necessities are cut off. The blundering use of autocratic power defeats its own purpose.—New York Evening Post.

SWAT THE FLY

For some reason or other we have not so far this spring heard as much as usual about the necessity for swatting "that fly."

Maybe the talk about war, or the home garden propaganda, have so engrossed the public mind and engaged the talents of those who look after our welfare, that the humble but disease-spreading house fly has been forgotten.

Be this as it may, it is now just as important as it ever was to begin the campaign against the fly, the deadly insect that spreads filth and disease germs everywhere from kitchen to garret. One fly killed in April means millions less to swat in July.

PUBLIC OPINION HAS CHANGED

Members of Congress and Governors of States who have heretofore taken a strong position in favor of pacifism are coming to a more warlike point of view. Whether they are leading or following public opinion is discussed in some quarters. It makes little difference. The main thing is that public opinion in the country is now manifesting itself in favor of a vigorous resistance to the infringements upon our rights which we have been trying to maintain by writing notes.

SALUTE THE PRESIDENT

It is now Admiral Grayson, if you please, and should some enemy warship approach our shores this doughty champion of the 19th hole will wade out in the surf, as the ancient Britons waded out to meet the galleys of the imperious Caesar and smash it with a midiron.—Fort Wayne, Ind., News.

WILSON PLEADS FOR DRAFT IN RAISING ARMY

Washington, April 9.—President Wilson threw the weight of his personal influence into the scale today in an effort to overcome opposition in Congress to the administration's army plans based on the draft system. Summoning Chairman Dent of the House Military Committee, now considering the bill, to the White House, the President made it clear that he believed the safety of the nation hangs on the action of Congress in this regard. He will make a similar exposition of the military situation tomorrow to Representative Anthony, of Kansas, who has led opposition to the draft plan among Republican members of the Military Committee.

In his war address Mr. Wilson formally told Congress that in his judgment the United States must face her enemy with a certain weapon in the form of an army raised by application of the principles of universal liability for military service as a duty of citizenship. Supplementing that, he issued recently a statement approving in every detail the departmental plans, which have the unanimous approval of the army general staff.

In his action today, however, the President recognized the fact that there may develop a strong feeling in Congress in favor of adhering to the old volunteer system and sought to bring home to Mr. Dent, one of those who holds that view, the lesson to be drawn from the great war into which the United States now has been plunged, and which all point, military and advisors of the government declare, to the absolute necessity of facing the issue squarely and summoning men to the colors by draft.

Compromise Plan

A compromise plan may be offered by the opponents of compulsory service. A sentiment for such a move was evident in Mr. Dent's committee before which Secretary Baker and the military chiefs of the War Department assembled in full strength during the day to support the administration's policy. There was no indication, however, that a compromise would be accepted by the President.

In the Senate, much of the time was

occupied by debate on conscription in the discussion of the regular army appropriation bill left over from last session. The question is not dealt with in the bill but during the debate Senator Kirby offered an amendment which would authorize the President to call volunteers in lots of half a million each. The amendment is subject to a point of order and probably will be disposed of that way without debate. As a result of Chairman Dent's attitude, it is possible that some other members of the House Committee will present the administration's measure if it is reported as officials hope it will be substantially in the form in which it was drawn.

No Conclusion Reached

While refusing to discuss his conference with the President, Mr. Dent admitted that no conclusion whatever was reached.

"When I received the bill," he explained, "I agreed with the Secretary of War that I would introduce it 'by request' if he wanted me to do so.

"There is no chance on earth of the bill coming out of the committee in any form within a week at the least. The main controversy is over the question of conscription. There is no question, however, on the part of anyone as to giving the President all the men and money needed to carry on the war. The only controversy is as to the means of doing so."

Mr. Dent indicated that he was anxious to maintain harmony of views and action within the committee. He was not ready today to talk about the nature of the compromise of which he is thinking.

Before the House Committee Secretary Baker stood firmly for the general staff plan.

"Would you prefer," Representative Anthony asked, "authority to raise a volunteer army within thirty days rather than to raise the 500,000 under a selection draft that might take six months?"

"I prefer the selective draft system," replied the Secretary.

Mr. Baker approved a suggestion that instead of authorizing two increments of selective draft forces, 500,000 to an increment, the bill authorize the President to call as many such increments from time to time as he deems necessary to prosecute the war.

In the Senate the 1918 appropriation bill, designed to carry on the existing military establishment, made rapid progress. It has passed the House already and came from the Senate Committee carrying a total of \$275,000,000 which is in addition to the \$3,000,000,000 now asked for the army to meet the war emergency.

The bill now contains one section, inserted by the Senate Committee, which has a direct bearing on the war emergency. It does away with the grade of brigadier general entirely, substituting a senior and junior grade of major general instead. The grade of brigadier corresponds to the abolished grade of commodore in the navy.

The new section also proposes that the chief of staff be given the rank of general, senior to all other army officers while in that position.

With armies in the field of the size now in contemplation, this procedure becomes urgently necessary in this that high commands can be properly assigned and adjusted.

Mr. Porter Blythe, who has been ill at his home on West Second street, is able to be out again.

FARM PRICES MAY BE FIXED
St. Louis, Mo., April 9—An appeal to Congress to fix a minimum price for farm products and a minimum farm wage was urged today by expert agriculturists attending the conference called by Secretary of Agriculture Houston to consider the food problem that confronts the nation.

It appeared probable that the conference would issue such an appeal to Congress; would call on bankers to loan money to farmers to buy seed at low rates, and would urge farmers to increase their production in every way possible.

The conference was largely attended, all parts of the country, except New England and the Pacific slope being represented. Presidents and deans of agricultural colleges were present in large numbers. Sessions were executive, but the trend of discussions was indicated by statements given out.

Charles W. Holman, of Madison, Wis., secretary of the National organization society, who argued for minimum farm prices and wages on farms, said that Canada is advertising in Wisconsin papers for farm labor at \$50 and \$60 a month and added that unless this nation rallies to the present emergency it will be forced to compulsory tillage of the soil next year.

Charles McCarthy, chairman of the Wisconsin committee for national defense, said the United States during the next four or five weeks should put in enough crops to meet the needs of this country, France and England.

Jewell Mayes, secretary of the Missouri board of agriculture, said an immediate campaign would begin in this state to increase the corn acreage 20 per cent over last year. There is a great shortage of farm labor in Missouri, he said, and improved machinery must be used as swiftly as possible.

Flowers will turn toward an artificial light just as they do toward the sun.

The time-tried remedy, then, is Doan's Kidney Pills.

The remedy backed by Maysville testimony.

Read this case.

Mrs. W. A. Schatzmann, 605 E. Second street, Maysville, says: "From the benefit I have received from Doan's Kidney Pills, which I buy at Chanslor's Drug Store, I have every reason to recommend them. Whenever my kidneys have been irregular in action or I have suffered from weakness and lameness in the small of my back, I have used Doan's Kidney Pills. They have always proven sufficient to quickly cure and attack."

Mrs. Schatzmann is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Schatzmann uses—the remedy backed by home testimony.

Ch. say can you see, by the dawn's early light,

What so proudly we hailed at the twilight's last gleaming,

Whose broad stripes and bright stars thro' the perilous fight,

O'er the ramparts we watched were so gallantly streaming?

And the rockets' red glare, the bombs bursting in air,

Gave proof thro' the night that our flag was still there.

CHURCHES TO AID RED CROSS IN ENLISTING MILLION MEMBERS

Washington, April 9—Plans for enlisting the nation's churches to aid the American Red Cross in enrolling a membership of 1,000,000 men and women and to prepare hospital supplies, assist the families of enlisted men in the army and navy and relieve Belgium children, were announced here tonight by Dr. Worth M. Tippy, secretary of the commission on social service of the Federal Council of Churches of Christ in America.

Full details of the undertaking have been sent to 1,500 ministers in 1,000 cities throughout the United States with the request that the work of forming local organizations in various congregations begin at once.

The Federal Council of Churches of Christ in America is a non-sectarian organization and is composed of members of thirty denominations.

NEW YORKERS ENLIST TO ESCAPE WAR CONSCRIPTION

New York, April 9—Coincident with the announcement today of Austria-Hungary's break in diplomatic relations with the United States the rush at the army and navy recruiting offices is increased. Municipal and government officers were high in their praise of the brand of patriotism shown at the recruiting offices.

They were quite expressive in denouncing the motive that caused an even more sensational crush at the city's matrimonial bureau. During the day 482 couples obtained marriage licenses and 147 were married by municipal officials, both figures establishing new records. Many of the men openly admitted that they were hastening their marriages in the hope that they might evade military service.

THIRD STREET M. E. CHURCH RE-

VIVAL
Increased attendance marked the second night of the revival at the Third Street M. E. Church. Rev. Hunt took his text from St. James 5:20, "Let Him know, that he which converteth the sinner from the error of his way shall save a soul from death, and shall hide a multitude of sins." His discourse was filled with many illustrations of how a word dropped here and there had brought sinners to repentance and how it was the duty of every Christian never to miss an opportunity to save a soul. The subject of this evening's sermon was "Heroes and Cowards."

The singing is in charge of Mr. J. H. Richardson with Rev. Howard E. Trent at the piano. The junior choir will sing tonight.

A cordial welcome awaits everyone.

ARGENTINA AND BRAZIL

Break With the German Government—Buenos Aires Unexpectedly—Declares It Supports Stand of United States.

Buenos Aires, April 10.—The government issued a declaration late this evening announcing that it supported the position of the United States in reference to Germany.

Rio Janeiro, April 10.—At a cabinet meeting today it was decided that Brazil should sever relations with Germany.

Washington, April 10.—Much of the uncertainty as to Latin-America's attitude in the war between the United States and Germany was cleared away today by definite advice that Chile and Mexico will remain neutral and increasing indications that Brazil Guatemala on the side of the United States.

The decision of Chile, the first of the American republics to announce her neutrality, caused some surprise among officials here. In many quarters it had been expected that she eventually would break with the Berlin government, but would postpone her decision until advised definitely of the course of Argentina and Brazil, the

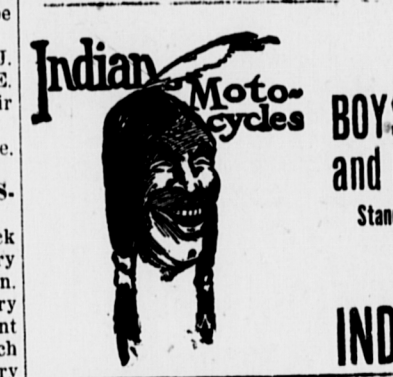

other members of the influential A. B. C. group in South America.

What effect her stand will have on the smaller nations of the continent is a matter of much speculation, particularly as there are indications that Argentina also will take a place among the neutrals.

Mexico's decision on the other hand, caused no surprise and is regarded as certain to have little influence with her sister republics. Information as to General Carranza's decision reached the State Department informally today and a proclamation of neutrality is expected after the Mexican Congress meets April 15.

Official confirmation of Brazil's break with the Berlin government still was lacking tonight at the State Department and the Brazilian embassy, but officials believe there is no doubt that the authorities at Rio have definitely decided for war. As the largest South American nation, Brazil's influence on the other republics of the new world is expected to be second only to that of the United States.

Meldin Bailey, Who Was Run Down By Street Car Below the Coal Docks on Monday Night, Succumbs to Injuries.

Meldin Bailey, the negro man, who was run down by a street car just below the C. & O. coal docks east of the city on Monday night, died yesterday morning about 11:30 o'clock at Hayswood Hospital from the injuries he sustained.

The body was taken in charge by County Judge W. H. Rice, who ordered it buried in the Infirmary Burying Grounds and notified his mother in Asheville, North Carolina, of his death.

The accident was a very unfortunate one. The noise of the approaching freight train, completely drowned that of the car, the engine puffing very heavily from a start at the coal docks.

RED CROSS WORKERS

In Maysville Organize at Miss Casey's Office on Court Street Yesterday Afternoon.

An organization of Red Cross Workers was perfected in Miss Casey's office on Court street yesterday afternoon, about 20 Maysville ladies joining the organization.

The following officers were elected: President—Miss Annie M. Casey. First Vice President—Miss Thelma Kirk.

Second Vice President—Miss Lucy Baldwin.

Secretary—Mrs. G. T. Hunter.

Treasurer—Mrs. Ernie White.

The members of the organization do not belong to the regular red cross society but have leagued themselves together to aid this great organization in its powerful work. In case of actual war, those who have

joined the Red Cross Workers here may unite with the Red Cross Association for actual service on the battlefields.

This is an excellent move on the part of the Maysville ladies and shows that they are ready and willing to aid their country. The society will meet on each Tuesday afternoon at 1:30 o'clock at Miss Casey's office. Those desiring to join the society should see either the president or the secretary.

SOCIETY

Mrs. Eugene Merz and Mrs. Louis Merz of this city assisted by Mrs. Holzman entertained about 125 ladies at the Woman's Club building yesterday afternoon in honor of their guests, Mrs. Leon Merz of Philadelphia, Pa.

The club room was beautifully decorated and it is doubtful if it will ever look prettier. The Easter color scheme was carried out, white, green and yellow being used. Southern Smilax was used profusely in the decorations.

The order of the afternoon was cards. It was one of the prettiest card parties given in this city for a long time. Mrs. M. M. Gary won the first prize, a beautiful Easter Lily and jardiniere. Mrs. E. P. Lee won the second prize, a gold embroidered pin cushion; Mrs. Elsie Clift, third, a gold embroidered pin cushion; and Mrs. H. S. Howland, fourth, a piece of ivory.

A delicious lunch was served, the Misses Pogue and Miss Dorothy Merz serving. The ice course consisted of dainty white bunnies, carrying out the Easter idea.

The ladies present were greatly pleased with the afternoon's entertainment.

Mrs. Robert Peddicord of Denver, Colo., who for the past several weeks has been visiting her mother, Mrs. Lilla Hall Smith, is suffering with an attack of appendicitis.
